

SALISBURY
CATHEDRAL SCHOOL

Wellbeing

Your child's wellbeing is our priority. It is essential to their learning and creative expression, helps them build positive relationships, develop potential and contribute to the school community. Our pupils thrive because they are among friends and are in a caring and supportive environment where they are valued.

Community

Our school community, founded on Christian values, is one in which every child plays an important part, contributing, sharing and supporting each other across the age groups. But we are also part of a wider community. The school has been educating Salisbury Cathedral choristers for over 900 years so we are inextricably linked to the Cathedral, and our daily lives enriched by this heritage.

Your child at our heart

Opportunity

We are committed to providing a stimulating programme of active learning which has rigour and structure but avoids unnecessary pressure. We encourage our children to sample as many different experiences as possible.

Beyond the curriculum, our range of opportunities in leadership, physical development and in the creative and expressive arts offer plentiful choices for each child.

Expression

We attach great importance to the exploration of the creative arts and to the development of musical, creative and sporting talent – all of which complement academic learning. Self-expression gives children the confidence to explore themselves and become who they want to be. Whether it is performing on stage, playing in the orchestra or the school's jazz band, writing inspiring poetry or creating beautiful art, we help nurture every child's talents.

Inspiration

The beauty and heritage of the surroundings in which we work and play have a positive and enduring impact on us all. We are fortunate to enjoy the stunning grounds of the Cathedral Close for sports and outdoor learning experiences. And our special relationship with Salisbury Cathedral enables our pupils to take advantage of the many inspiring events held in this historic place of worship, including our weekly family assembly.

Space

Our extensive grounds of over 20 acres offer pupils the space to release energy and to express and challenge themselves physically. As well as expansive sports facilities including AstroTurf pitches and an outdoor swimming pool, the grounds also encompass areas of natural landscape, providing the space for contemplation, reflection and restoration.

Confidence

With a strong sense of self-worth comes confidence – and confidence determines outlook and aspiration, and has a major impact on happiness. We promote confidence in each of our pupils by encouraging them to overcome obstacles, take risks, discover and pursue their talents, contribute to the community and to aspire to be their best.

Achievement

Confident children are open-minded, taking risks to explore the world around them, to challenge and extend themselves beyond the safe and familiar. We have high expectations of our pupils and motivate them to want to succeed. Our academic results are impressive and consistently out-perform competing schools but, more than this, the children who leave us are confident, self-assured, well-rounded and comfortable in their own skins.

Aspiration

We nurture our pupils' aspirations and encourage them to develop their strengths, whether they are practical, academic or both. High academic expectations and a wide range of extra-curricular opportunities in sport, art, music and drama inspire our pupils to develop skills and talents.

Towards the wider world

Inspiring learning,
preparing for life
